RELATED EXPERIENCE

Project Intern
Prime America Nepal INC   **Feb 2022 – Current**
- Developed a website so customers can browse through and purchase authentic Nepali products hand made by Nepali Artisans.

Project Intern
KD Truck Line LLC   **Nov 2021 – Dec 2021**
- Developed a web page for the trucking company so customers have easy access to management and their current product travel time.

TECHNICAL PROJECTS

Cocktail Bar – [Github](#) | [Site](#) | [Demo](#)
- A front-end app where users can search for every cocktail in the cocktail API database. Results also include images and recipes of the cocktails.

Weather App – [Github](#) | [Site](#)
- Front-end app allows users to enter a location and receive current and forecast weather data for the location.

Reciplease – [Github](#) | [Site](#) | [Demo](#)
- App allows users to register and join an online community where people can share their recipes with others.

NBA Today – [Github](#) | [Demo](#)
- App allows users to register and join a message board and interact with other NBA fans. The app features the latest news, player stats, and allows users to stay up to date on all things NBA related.

Airlines Review – [Github](#)
- Front End app that allows users to leave reviews on major airlines.
